Instructions:

1. **Gather your materials.** You will need beads in various shapes, sizes, and colors, jewelry glue, a pendant bezel, a jump ring, a chain, wire cutters, and tweezers.

2. **Prepare your beads.** If you are using glass beads, you may want to wash them with soap and water to remove any dirt or debris. You can also use a toothpick to apply a small amount of glue to the back of each bead. This will help to keep the beads in place when you are assembling the puzzle.

3. **Start assembling the puzzle.** Begin by placing a bead in the center of the pendant bezel. Then, start adding beads around the center bead, working your way outwards. You can use a variety of bead shapes and sizes to create a unique design.

4. **Continue assembling the puzzle until the pendant bezel is full.** Once the pendant bezel is full, use your tweezers to press the beads into place. Be sure to press firmly so that the beads are secure.

5. **Allow the glue to dry completely.** Once the glue is dry, you can add a jump ring to the top of the pendant. Then, you can attach the chain to the jump ring.

6. **Your mosaic puzzle pendant is now complete!** You can wear it with pride, knowing that you made it yourself.

Tips:

* Use a variety of bead shapes and sizes to create a unique design. * You can use different colors of beads to create a specific pattern or design. * If

you are using glass beads, be sure to wash them with soap and water before using them. * You can use a toothpick to apply a small amount of glue to the back of each bead. This will help to keep the beads in place when you are assembling the puzzle. * Be sure to press the beads into place firmly so that they are secure. * Allow the glue to dry completely before wearing the pendant.
