In this gripping installment of The Equalizer series, McCall must face his past as a soldier when his former commanding officer is killed.

Robert McCall is a man with a past. A past that he has tried to forget, but one that has come back to haunt him in the form of his former commanding officer, Colonel James McCallister. When McCallister is killed in action, McCall is forced to confront his own demons and the choices he made during his time in the military.

McCall knows that he cannot let McCallister's death go unpunished, but he also knows that he cannot simply go after the people responsible without putting himself and his loved ones in danger. He must find a way to bring justice to McCallister's memory while also protecting those he cares about.

As McCall investigates McCallister's death, he uncovers a web of corruption and deceit that reaches all the way to the highest levels of power. He must use all of his skills and resources to fight back against those who are responsible, and he must do so without losing his own humanity.

Killed in Action is a gripping and intense thriller that will keep you on the edge of your seat from beginning to end. Robert McCall is a complex and compelling character, and his journey to find justice for his former commanding officer is one that will resonate with readers of all ages.

About The Equalizer

The Equalizer is a crime drama television series that premiered on CBS on September 23, 2014. The series is based on the 1985 film of the same name, and stars Denzel Washington as Robert McCall, a former CIA officer who uses his skills to help those who are unable to help themselves.

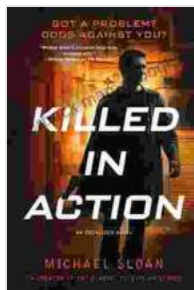

The Equalizer has been a critical and commercial success, and has been renewed for a second season. The series has been praised for its strong performances, its gripping storylines, and its timely social commentary.

About the Author

Richard Wenk is an American screenwriter and novelist. He is best known for writing the screenplays for the films The Equalizer (2014) and The Magnificent Seven (2016). He has also written the novels Heat (1995) and The Equalizer: Redemption (2018).

Wenk is a graduate of the University of Southern California School of Cinematic Arts. He began his career as a screenwriter in the early 1990s,
